

Please Evaluate your workshop

First of all I want to say that I received my Teaching Credential at Fresno Pacific 2 years ago, and I had outstanding instructors. However, the professor, Maryam Torbati, is the most outstanding. She taught me a plethora of information that I will be able to apply in the classroom and in my personal life. I haven't been inspired in years. Let me tell you, I feel very inspired. She is an awesome, dedicated, knowledgeable, and passionate instructor and person. Torbati is an A++++... and a 10 with 10 being the highest. Fresno Pacific or whoever reads this, I want to thank you for hiring her. I am going to continue taking courses with Torbati. Maryam our class loves you!!! Thank you So Much!!!

She teaches from the heart ☺!!!

## Please Evaluate your workshop

Awesome! I am in awe! I have had good, and great, even what I thought were terrific professors in the past but none of them compare to Maryam Torbati. I was touched!

She was so energetic and motivated! I'm probably half her age, but she was so more passionate than I! She definitely loves to teach!

Most classes/workshops drag on, and on and I'm constantly looking at the clock. I never found myself looking at it! The day flew by, I will definitely be back next week and for other future workshops! Thank you!

Please Evaluate your workshop: I thought this was the best workshop I have had in years. It is one of the rare times I have remained engaged throughout the entire workshop. Maryam is personable, knowledgeable, creative, energetic, and most of all inspiring. I look forward to her future workshops.
