I really enjoyed this class. A lot of hands on learning. Dr. Torbati is enthusiastic about her teaching and is very enjoyable.

Dr. Torbati is a dynamic teacher who keeps the classes' interest at all times. I learned so much in her class.

A terrific class! I've already started using strategies that I learned in this class. If learned how important it is for students to be awakened before learning can begin. My principal has seen the energy that my classroom has now that I've learned the skills to give my students freedom by choices, they are having fun, they know they are a part of the class they have belonging. Thank you so much for this class!

Dr. Torbati was an excellent teacher. She was motivating in her use of innovating ways to learn. I will try to use the information I learned in my career in teaching. Dr. Torbati is one of the best instructors because of her style and spirit.

I thoroughly enjoyed this class. The content is relevant and the teacher made learning fun. I really think this class should be offered at the beginning of the credential program. Dr. Torbati is a great professor.

This was definately my favorite and most informative class yet at Chapman. The material was presented in an engaging and meaningful way. I feel that teachers beginning their credential programs would benefit greatly from this class. Also, I used something that was learned here in my own classroom on a weekly basis. This was an incredible experience.

The class has challenged me to be a better teacher. I have been given an insight on how the brain works. I am glad to have taken the class which I know will make me a better teacher.

Loved it!

Fabulous class. Solid information that's applicable immediately.

The class was an excellent experience. Dr. Torbati is extremely enthusiastic about the subject. She brings this enthusiasm to the class and makes the class much more fun.

Torbati-You are an inspiration to me. I want to be just like you as a teacher. You spoke to me and gave me insight that I will greatly benefit from. I could honestly say "I love you"

Dr. Torbati is what every professor at Chapman should hope to become. I was so enriched, enlightend and enraptured at every session I very seldom wanted to go home. I found I used stratiges the very next school day. She is your best professor.

This has been the best Chapman class I have ever taken. I have learned more and it has been applicable to everyday classroom situations-more so than Eduu 510! Thank you Dr. Torbati

Dr. Torbati is the greatest teacher I've had. She is inspiring and energetic. I hope I can become a great teacher and inspire my students in a similar manner.

I utilized the great material I learned in this class in my classroom as well as other classes! I loved the enthusiasm of the instructor and feeding us was great! (smiley face)

Dr. Torbati is passionate about student learning and teacher development! She is an amazing teacher!

It was awesome having this class. I will definitely remember the information I have received in the class. It is very, very applicable to the real classroom. It has truly been a pleasure

Torbati is so cool!

Excellent Instructor. Meaningful Classes.

Dr. Torbati is an awesome teacher. I learned practical and useful information in this course! Best class I have taken!

I learned more from this class than any other class I have ever taken. I feel much more comfortable about taking my comp test now. Thank-you

EXCELLENT Teacher! She's an incredible, wonderful human being. I love her! She has taught me what teaching is all about.

Thank-you for all the hands-on activities. Always a pleasure taking our of your classes. Instructor displayed great knowledge was always well prepared, and easy to contact. The class was very vivid and interesting. I would like to take other classes with the same instructor-great motivator! Grazie mille.

Mrs. Torbati is a model teacher. I love her teaching style and her variety of methods. She shows love and respect for her students and energy for the subject. Mrs. Torbati is flexible and understanding of the students needs. I wish there were more teachers like her. She really makes learning fun as well as challenging. She is a true mentor and I value her as an extra special teacher. Your awesome Mrs. Torbati!!!
