Wow! Absolutely Amazing! Very educational!  
I would highly recommend this workshop  
to anyone! Dr. Torbati is so  
intelligent & interesting. If I  
could take everyone of her  
classes I would in a  
heartbeat!!!!

This work shop was very interesting. I learned about emotional cancers that we get so caught up with. I learned 8 habits that can be used in a positive way in my daily teaching. There is so much information that is inspirational to take back to the classroom.
