I really enjoyed this course I learned a lot of information about emotions and how our brain works. I've learned ~~to~~ different strategies of how to express and control our emotions. I learned how emotions are taught and learned, bad and good emotions. I learned how our ~~and~~ memories and emotions tend to work together. I also learned new memory strategies.

You are an awesome teacher!!!

Thank you for your participation & all your hard work

Hope our paths cross again until then, be happy, be kind, be emotionally intelligent in all your interactions, live & let live, and above all go with God

my very favorite class, teacher,  
classmates, curriculum, teaching  
style, testing style ever!

I enjoyed Maryam Torbati immensely!  
I really learned so much about Emotions  
& how I have a long way to go and  
just now for I have already come!  
This class made my year 😊

This class was a great class. Very interesting!  
I never retained so much information from a class. Not only was it about learning it was all fun! Writing on the foam sheets was a great fun way to take notes. There are so many things im going to take from this class and use it for the future! Best class i have had in a while!

The Emotional Intelligence course has been one of the best courses I have taken. The instructor showed great passion for what she was teaching, kept the class engaged in activities and provided a positive learning environment. The tools used in teaching this course made the class enjoyable and help me remember key notes.

The teachings of this course will be things I will use throughout my life and I have applied teachings ~~to~~ in my everyday life.

Thank you!!
