What were your most/least satisfactory learning or program experiences?

Great influence to teachers.

This is the most useful class I have taken. Mrs. Torbati does an excellent job in showing us different ways to think of learning.

The best class that I've taken!

Good class! Great teacher!

She makes learning fun!

Apart from being a fun class, it was very informative.

This is an excellent class that I believe all prospective teachers should take. In my opinion it has more value than some of the other classes I have taken in the liberal studies curriculum.

What is more important than knowing and understanding how people and children learn?

She needs to teach more classes in all areas. She is a great teacher.

Dr. T awesome!

I enjoyed this class thoroughly. It gave me new ideas in how to teach the students at my school site.

I enjoyed the class, but it was very hard when I had to do power point. This was the first time I had power point. I learned something new.

I enjoyed the assignment requiring us to break up into small groups and research and present a subject.
