It was fantastic. I have had a great experience. I feel I've learned more in this class than I have ~~in~~ in many other classes. What a great Instructor I plan on taking many more classes in the future.

I really enjoyed this class. I can't wait to use the constructivism model in my own classroom. I also enjoyed learning about incentives and how they don't always work. I also like how you learn in many different ways in this class... videos, discussion, writing, etc.
