Loved the way class flew by because of the different instructional techniques. Great use of hands on, interaction & visual learning. Overall, the enthusiasm of Mrs. Torbati made it even better. As usual, this class was fun & energetic. I'm sad it's my last class @ FPU.

Thank you for being the most wonderful part of my life and the biggest part of my motivation course. Just remember "You make the world go around".

I enjoyed this class a lot. It incorporated the Theory of Communication and Cooperation in our class groups. The teacher knows how to engage the class by using several hands on stimulants and activities to help us acquire and learn the information she is teaching us in regards to motivation. I had lots of fun and a good time.

This course was ~~the~~ extremely hands-on and motivating of all my years in the education system I have never encountered anything like it. I thoroughly enjoyed the class, and have found all the material, extremely useful in the classroom. The instruction was exciting and delivered in a smooth and enjoyable way. Each concept introduced was followed by the opportunity to create, use, adapt, make examples of, so that we can ~~use~~ later use in our classroom. I fully intend on taking more courses with this instructor.

Thank you for being a part of my life and the biggest part of my Tuesdays (^{Go} ~~the~~). Just remember "You make the world go around".
