Great class. I look forward to going back to my classroom and using all of this wonderful information. I am excited to go back and be creative with my students

Thank you for being the biggest part of creativity our "Art of Creativity" workshop & remember as teachers we are obliged it to our students/learners to be creative & teach them to be one too

*This class was very creative, informative,
and thought provoking. I always enjoy
your classes!*

*Thank
you*

Great workshop! Learned a lot of new things about creativity and how it relates to the human brain. I learned things to avoid doing that will stifle the creativity of my students. Can't wait to come to another workshop!

Thank you for being the biggest part of creativity our "Art of Creativity" workshop & remember as teachers we are obliged it to our students/learners to be creative & teach them to be one too

I really enjoyed today's workshop, I feel it was one of the most interesting & inspiring ones I have attended this summer. I was able to receive numerous valuable resources, which I will be purchasing in the near future. I would highly recommend workshop to anyone working in the educational system.

I really enjoyed this class & got a lot from
it

Really enjoyed watching the video's & will try to read
the book auther Danial Pink - White Brain.

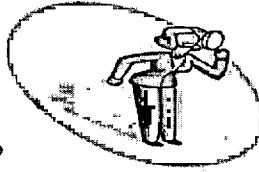

- Creativity is important, so don't destroy it

I enjoyed the relaxed atmosphere,
I believe it helped me to absorb
more of what was being taught.

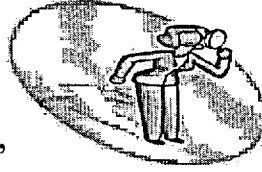

I was challenged to give my
students more choice, open ended
tasks and less pressure to
perform.

Thank you!

The class was awesome - I learned so much and will be applying and sharing with my students and co-workers. Mrs. Torbati is enthusiastic and her energy and passion is contagious.
