

Please evaluate your step up writing, six trait writing, and writing process workshop!

I liked how all three programs were explained and how to use and incorporate them into my class. I feel that I can go back and implement what I learned with my students to make them better writers!

Thank you!!!

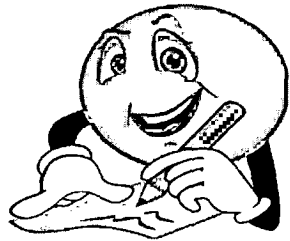

Please evaluate your step up writing, six trait writing, and writing process workshop!

This workshop was great. I am a very visual, hands-on person and I learned a lot. It is nice to finally take a class that gave me something to take back with me. Thank you Dr. Jorvati !! 😊

Please evaluate your step up writing, six trait writing, and writing process workshop!

This workshop was engaging, informative and an exciting program full of tips and tricks for my EL students. I enjoyed using my Right Brain for once since every workshop I have ever attended has only used my left brain! What a refreshing concept! ☺ Thank you for your help and all the wonderful goodies!
