Today's workshop was very supportive in helping me understand common core. Some things that stood out was instructor was very lively in delivering content. Things that stuck in my mind ...

- Discovery learning
- Journey is progression, "most important"
- 6 facets of understanding

Thank you for opening my mind to common core! ☺

This is an awesome class
it is very engaging &
interesting. I have taken
classes w/ her before and
it is always a pleasure.
I learn so much in
such short period of time.
She really knows her
stuff.

Great class w/ a diverse amount of
strategies for student learning. There was an
equal amount of lecture vs self learning through
discussion and presentation. Very engaging with
related videos. Thank You for your time
& generosity

This was a great class. It has made me really think about the choices I ~~had~~ have made in my classroom. It has shown me to let my students explore, think and come up with their own ideas. I really enjoyed the information about the right & left Brain. I was glad to hear music & movement is good because we do it all the time in my classroom. Thank you again for another amazing class!

I have been waiting
to learn more about
Common Core. Most
people are uninformed.

I learned quite a bit
about the importance of
the PROCESS.

Hopefully admin will be
able to keep informed
to not sink the boat.
