

What did you learn about the “Common Core”?

Two conclusions;

1. Common core is what is best for the kids.
2. We will dig deeper and achieve mastery.

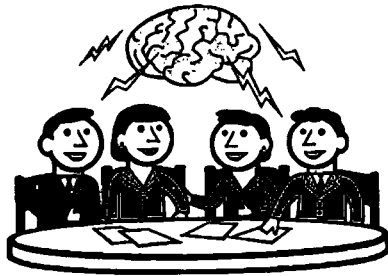

Please evaluate your “common Core” workshop

Fabulous!

Thank you for your attendance & willingness to examine the common core

What did you learn about the "Common Core"?

Two conclusions;

1. Common Core allows for an even learning field for all students to learn + achieve.
2. Students need to be able to be creative and take ownership of their learning for greater understanding.

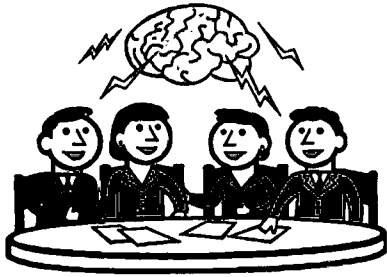

Please evaluate your "common Core" workshop

One of the best workshops I have attended

Thank you for your attendance & willingness to examine the common core

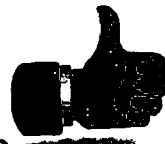

What did you learn about the “Common Core”?

Two conclusions;

1. I now have the facts to back up the standards when they are criticized
2. Common core is not a curriculum

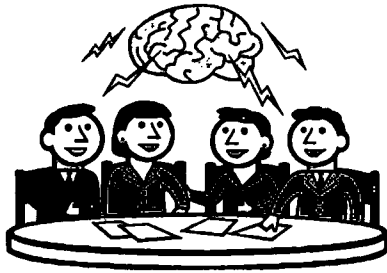

Please evaluate your “common Core” workshop

It was an honor to participate
in another workshop.
I will miss you!

Thank you for your attendance & willingness to examine the common core

What did you learn about the "Common Core"?

Two conclusions;

1. NOT CURRICULUM
2. TEACHES CONCEPTS
Extends learning to student + doing

Please evaluate your "common Core" workshop

Excellent, Positive, Uplifting
Will be able to utilize a lot
of the material to assist
teachers w/ infusing technology in
their teaching

Thank you for your attendance & willingness to examine the common core
