

What did you learn about "Discovery Learning"?

3 conclusions;

1. Problem-Based Learning allows students to ~~investigate~~ ^{investigate} and apply their knowledge
2. Discovery allows students to learn and retain
3. ^{learned knowledge}

Inquiry Learning is a great way to move to 21st Century learning!

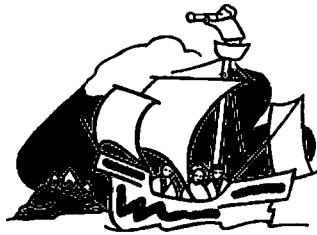

Please evaluate your "Discovery Learning" workshop

FANTASTIC! Lots of valuable resources to use in the classroom!!

"Discovery learning is the best way to conduct a learning environment; you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. Discovery learning is lasting learning
2. questions lead to learning.
3. Use it or lose it.

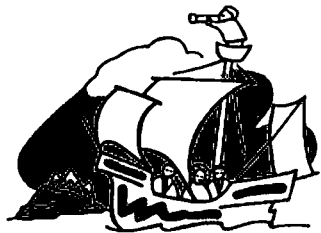

Please evaluate your "Discovery Learning" workshop

This workshop has inspired me to change my whole classroom. Hold the students (teachers) more accountable for giving correct information.

"Discovery learning is the best way to conduct a learning environment, you have a class full of teachers & researchers"

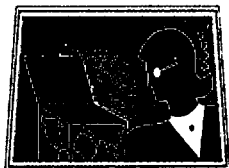

What did you learn about "Discovery Learning"?

3 conclusions;

1. We must teach Discovery-Based Learning.
2. Learning must be Student Centered.
3. Project Based Learning helps students become life long learners.

Please evaluate your "Discovery Learning" workshop

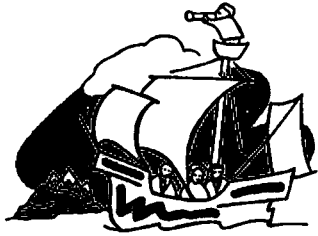

Fantastic! I leave the workshop knowing how to begin incorporating Project-based and problem-based learning.

"Discovery learning is the best way to conduct a learning environment, you have a class full of teachers & researchers"

Martha Green

What did you learn about "Discovery Learning"?

3 conclusions;

1. Students should drive their own learning
2. Teacher is a facilitator, not "all-knowing"
3. ~~Still~~ Working memory is important & needs practice and repetition

Please evaluate your "Discovery Learning" workshop

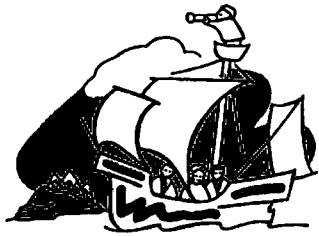

Thank you for all your enthusiasm & energies.

I always learn a lot. I'm excited to implement some new routines & strategies

"Discovery learning is the best way to conduct a learning environment, you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. You need a big idea!
2. Should be student directed
3. What we process, we learn.

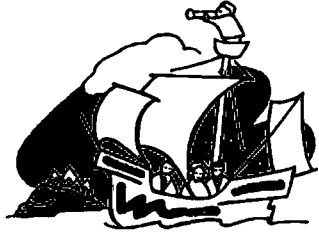

Please evaluate your "Discovery Learning" workshop

It was another fabulous workshop! I learned a great deal and have many ideas to implement in my classroom.

"Discovery learning is the best way to conduct a learning environment, you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. Critically think
2. Collaborate
3. Communicate

Student-led not teacher led
Present Big idea and let the
Students determine the direction
with you as a guide

I adore you and
your learning style. I've
learned so much today. God bless
you!

"Discovery learning is the best way to conduct a learning environment, you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. That students need to learn by doing not by listening or watching the teacher "do."
2. We need to process what we learn
3. The teacher is the facilitator

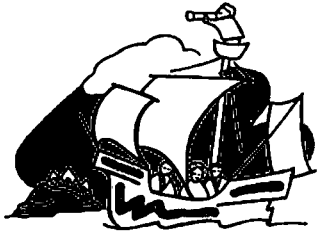

Please evaluate your "Discovery Learning" workshop

10/10 This is such an engaging
motivating and informative
course that transfers to
all disciplines.

"Discovery learning is the best way to conduct a learning environment; you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. 5 steps to Discovery process
2. Inquiry Based Instruction
3. Engages the brain of the 21st Century Learner.
critical and creative thinkers, problem solvers,
communicators, global awareness, questioners,
sustainable environment(world)

Please evaluate your "Discovery Learning" workshop

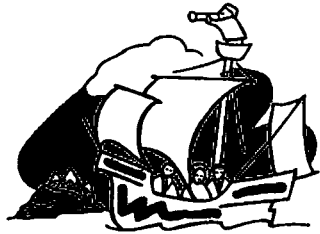

This is a great workshop that covers a LOT of strategies and methods. Dr Torbati always creates the rigor for each individual to engage and feel satisfied. Thank you ↑ ↑

"Discovery learning is the best way to conduct a learning environment; you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. Students manage their own learning
2. Teachers guide and motivate
3. Discovery learning teaches students how to live in real life. Also, failure is ok - it promotes learning.

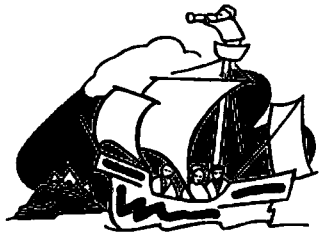

Please evaluate your "Discovery Learning" workshop

Excellent information and practice for using Discovery learning strategies for my classroom. Thank you!! Extremely needed and useful!

"Discovery learning is the best way to conduct a learning environment; you have a class full of teachers & researchers"

What did you learn about "Discovery Learning"?

3 conclusions;

1. Students need to actively practice what they learn to remember it/learn it
2. Working memory is the size of a pea and needs to be practiced.
3. PBL helps students to do the learning themselves (student guided.)

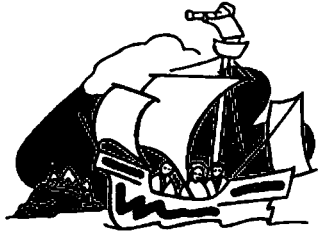

Please evaluate your "Discovery Learning" workshop

This was my first workshop,
and it was fantastic!
Very informative and relatable!

"Discovery learning is the best way to conduct a learning environment ,you have a class full of teachers & researchers"

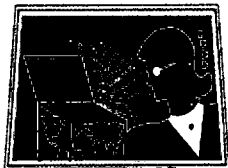

What did you learn about "Discovery Learning"?

3 conclusions;

1. You must repeat or practice the things you want to move to your working memory.
2. It's important for students to collaborate.
3. Find concepts and allow students to create their own questions.

Please evaluate your "Discovery Learning" workshop

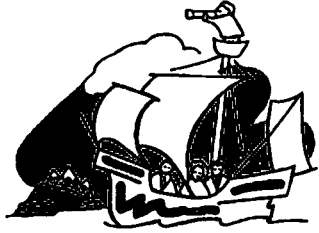

This workshop definitely pushed me out of my comfort zone. However, it forced me to see and experience the manner in which I should be teaching. Thanks Torbati! 😊

"Discovery learning is the best way to conduct a learning environment ,you have a class full of teachers & researchers"

Suzanne Long

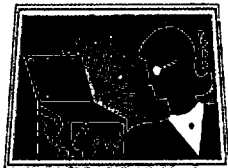

What did you learn about "Discovery Learning"?

3 conclusions;

1. Students pose questions and generate ideas
2. Inquiry learning involves asking questions and exploring answers
3. Information must be used and practiced in order to remember it

Please evaluate your "Discovery Learning" workshop

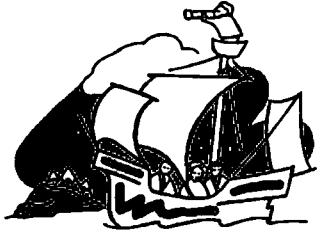

- very informative
- strategies I can implement in the classroom
- collaboration/feedback informative.

Thanks for the food and the wisdom!
😊

"Discovery learning is the best way to conduct a learning environment ,you have a class full of teachers & researchers"

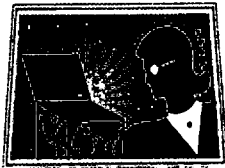

What did you learn about "Discovery Learning"?

3 conclusions;

1. Teacher needs to take a step back
2. it's ok to fail
3. We don't want parrots we want independent thinkers

Please evaluate your "Discovery Learning" workshop

I feel that I learned a great deal about Project Based Learning and ways I can implement them into my classroom.

"Discovery learning is the best way to conduct a learning environment ,you have a class full of teachers & researchers"
