I loved this class! You weren't kidding when you said that this class was going to change my life. It really did. Thank you so much for teaching me how to better understand my emotional life and intelligence, as well as better understanding others emotions. I cannot wait to take more of your courses. I enjoyed your class. I learned why I lash out at times, why I say things & then apologizing.

Our brain is amazing. There is so much still to learn.

This class made it easy to understand how the brain functions & the outcomes.

I will continue to utilize what I have learned.
