What were your most/least satisfactory learning or program experiences?

- 1 Torbati made this course a most satisfactory learning experience. She made the class a fun, positive learning environment with many hands on activities. She presented several videos that led to great group discussions that made the class get involved and think outside the box. She is an asset to this university!
- 2 This was an extremely informative class.
- 3 I really enjoyed this class and was inspired by it. It was exciting to learn more about myself and the people around me rather than specific dates and book work.
- 4 My most satisfactory part of the class was learning about the amygdala and how it works in conjunction with the rest of the brain.
- 5 Learning how our emotions affect us and how we can learn how to improve ourselves. Class was too short, I would have liked to learn more.
