

Instructor Feedback
Professor Miriam Torbati

Positive:

- I really love Miriam Torbati. She's been amazing. She follows up with a phone call and is always available when I need her. Her classes are very enjoyable and worthwhile. I will definitely be taking more classes from her in the future.
- By taking the 10 courses from Dr. Torbati my teaching has improved and teaching makes so much sense to me. I highly recommend her courses because it not only has helped me but also my students. I'm glad the Lord directed me to Dr. Torbati's courses because I have fallen in love with knowledge. Not only can I apply my learning to teaching but also to my spiritual life. I was the only one from my district that attended her first workshop. I thank God that six teachers from my district have followed. Thanks Dr. Torbati and thank you FPU for continuing to offer excellent education.
