I have enjoyed your workshops and I am very pleased with them. I like the way you incorporate music into the content. I really enjoy the brain dance. I will be using it in my classroom this new school year. I'm sure it will be fabulous. Thanks for all your hard work.

I have learned a substantial amount of how to increase my art curriculum. I will sneak in art and music wherever I can so that learning can become fun again. I enjoyed all the hands on activities. I will apply what I have learned and new teaching styles into my everyday classes. Thank you for making the learning fun.

This was another fun, entertaining, and informative workshop. I have a better understanding of how to incorporate art and music into my class, and have a much better appreciation of how art/music can & should be used to help promote academic successes.

On a scale of 1 to 10, this workshop is a 10. I would recommend this workshop as well as any workshop that Maryam leads to any educator searching for a better understanding of his/her students.
